POLICE: BEATING US BLACK AND BLUE

The recent spate of brutality meted out by the Nigerian Police to citizens, and more particularly, lawyers, has raised concern in various quarters. Our associate, Caleb Adebayo writes about it in the This Day newspaper of 15th July, 2018. He addresses various stakeholders concerned and airs his grievances at the current state of the Nigerian Police Force. He also chides certain lawyers for their involvement of the police unnecessarily in their work, and in civil actions and makes a passionate call on the NBA to do more to stem these incidences.
